

MARIPOSAS

DO
CERRADO

CADERNO DE COLORIR
DANIELA BENÁ

**Nessa edição vamos explorar
o mundo colorido das
mariposas do cerrado brasileiro.**

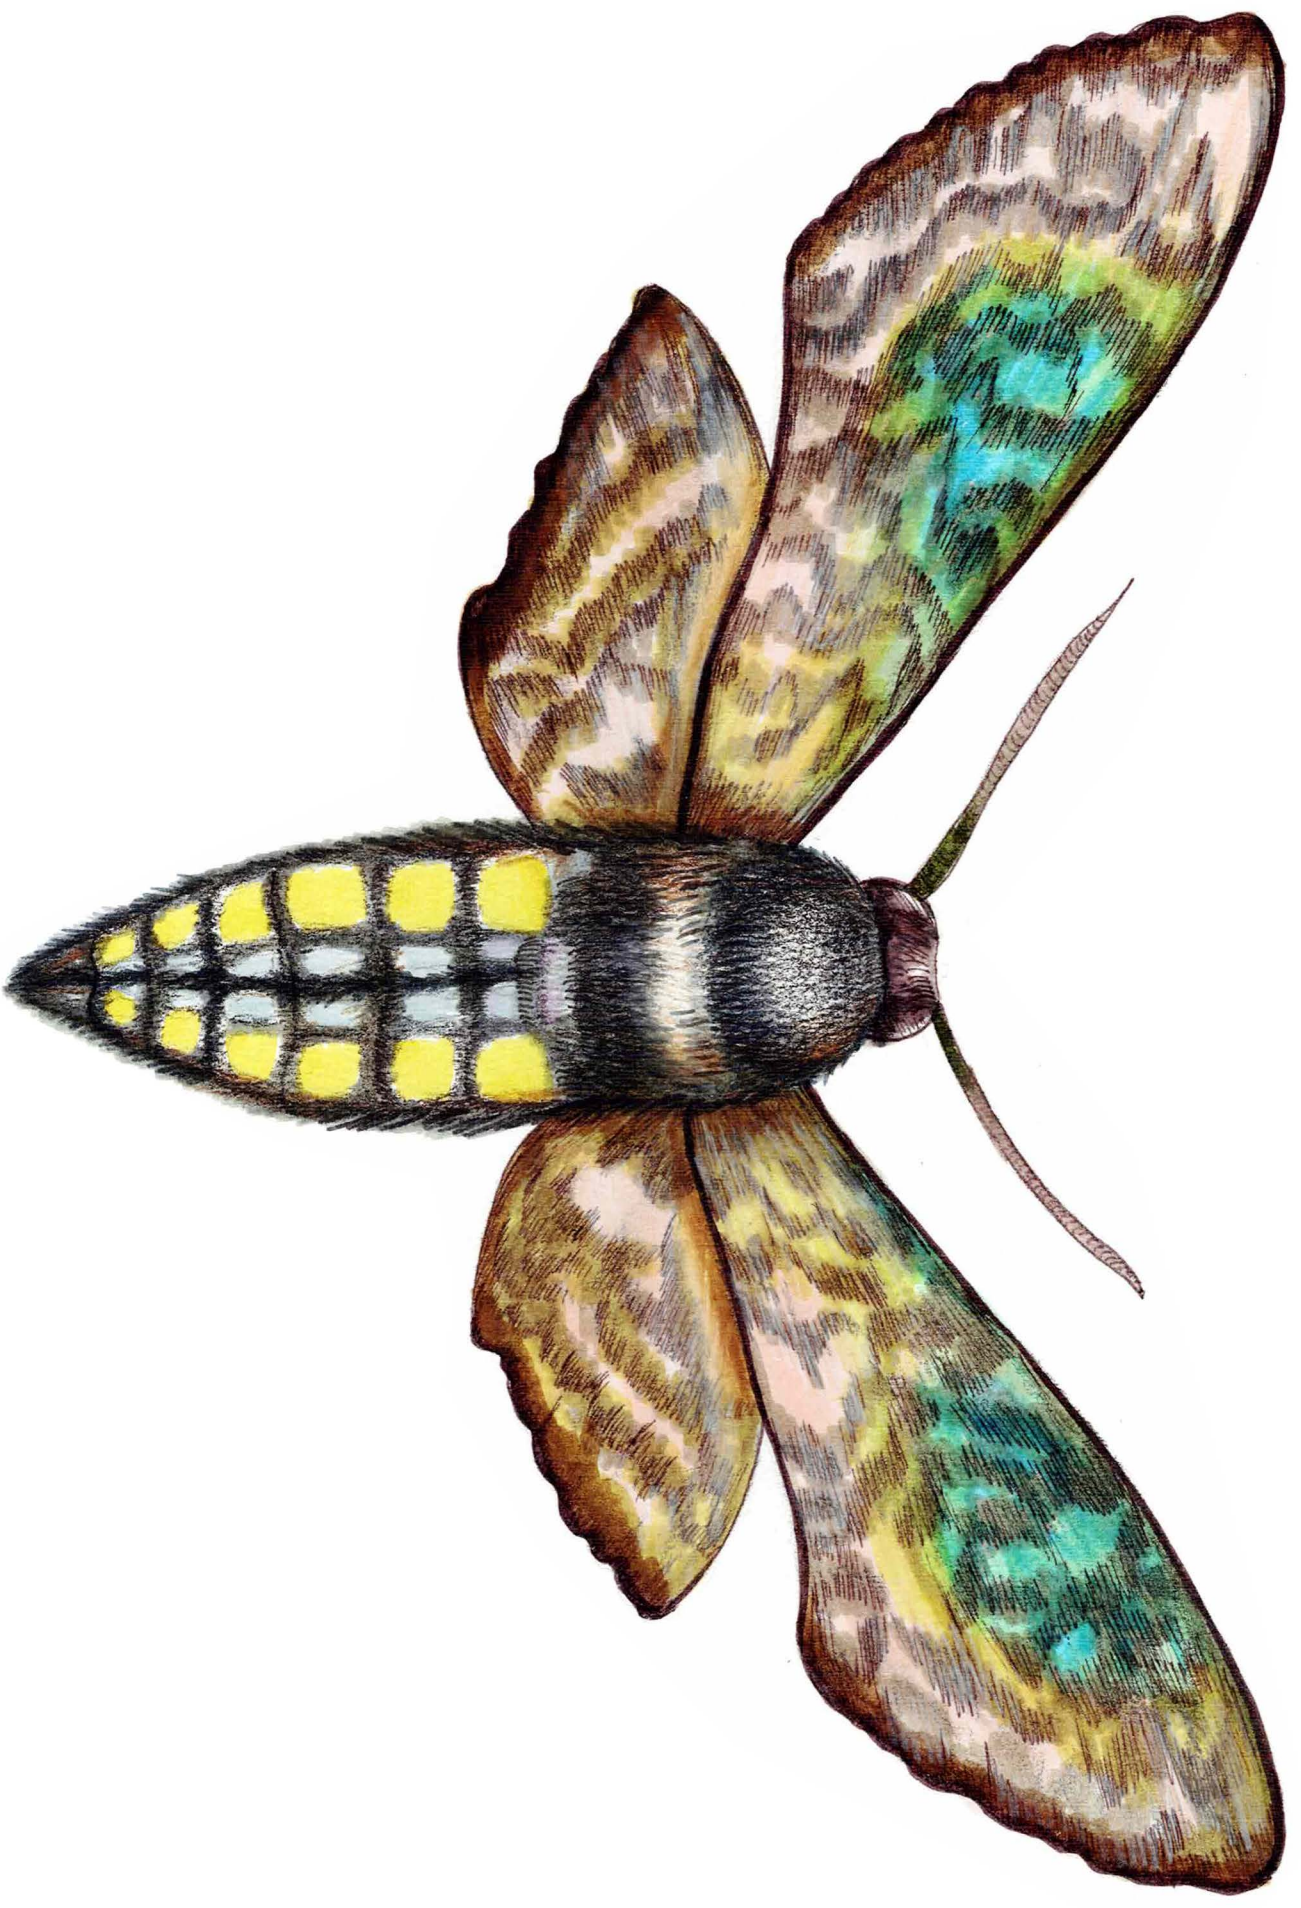

**As mariposas chamam atenção
por sua beleza, mas também
por possuírem um papel
importante na natureza.**

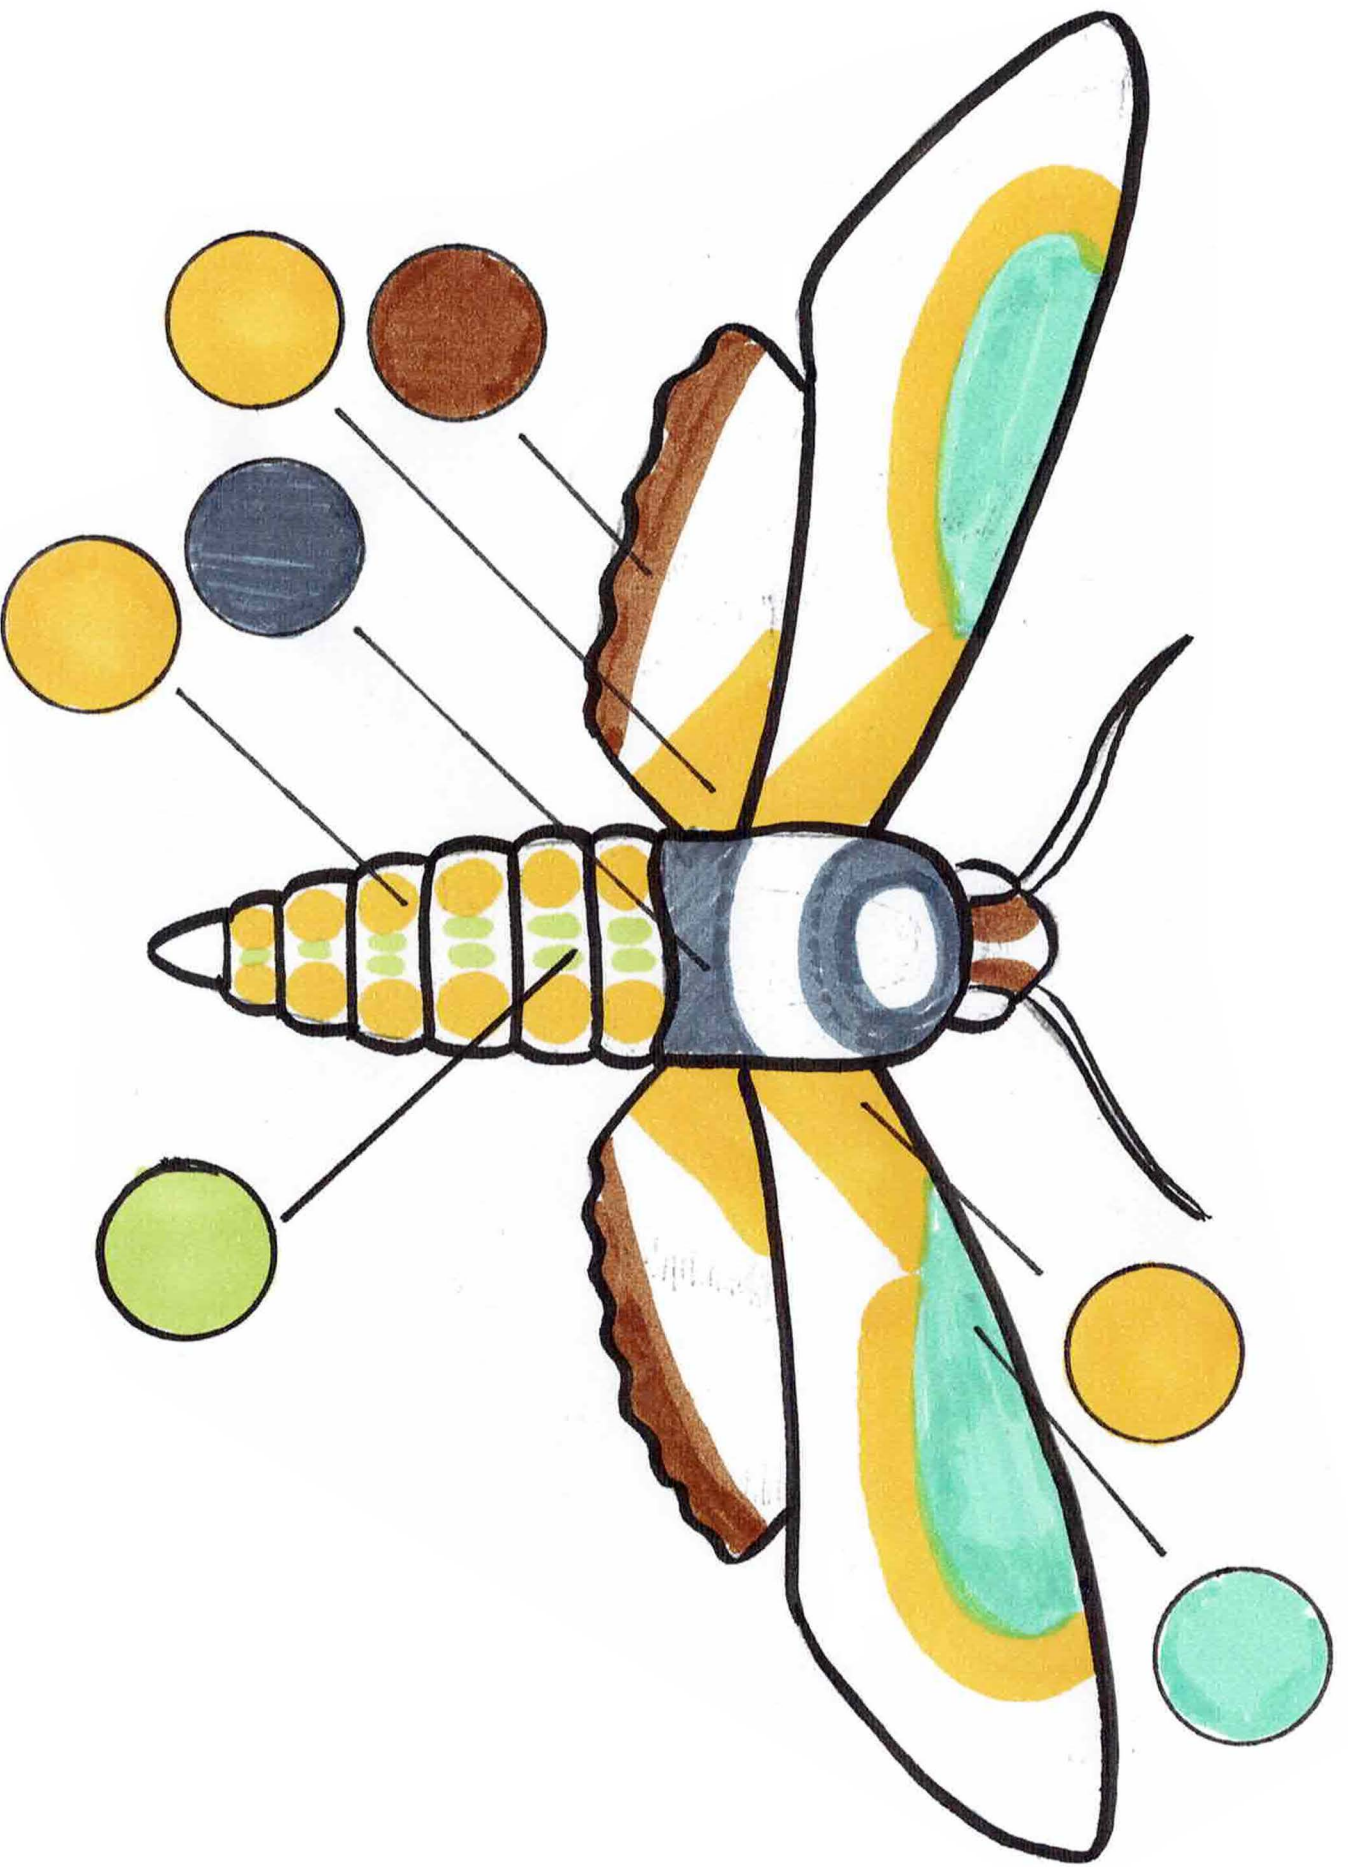

**Diversas delas são polinizadoras
de espécies de plantas
cultivadas ou naturais.**

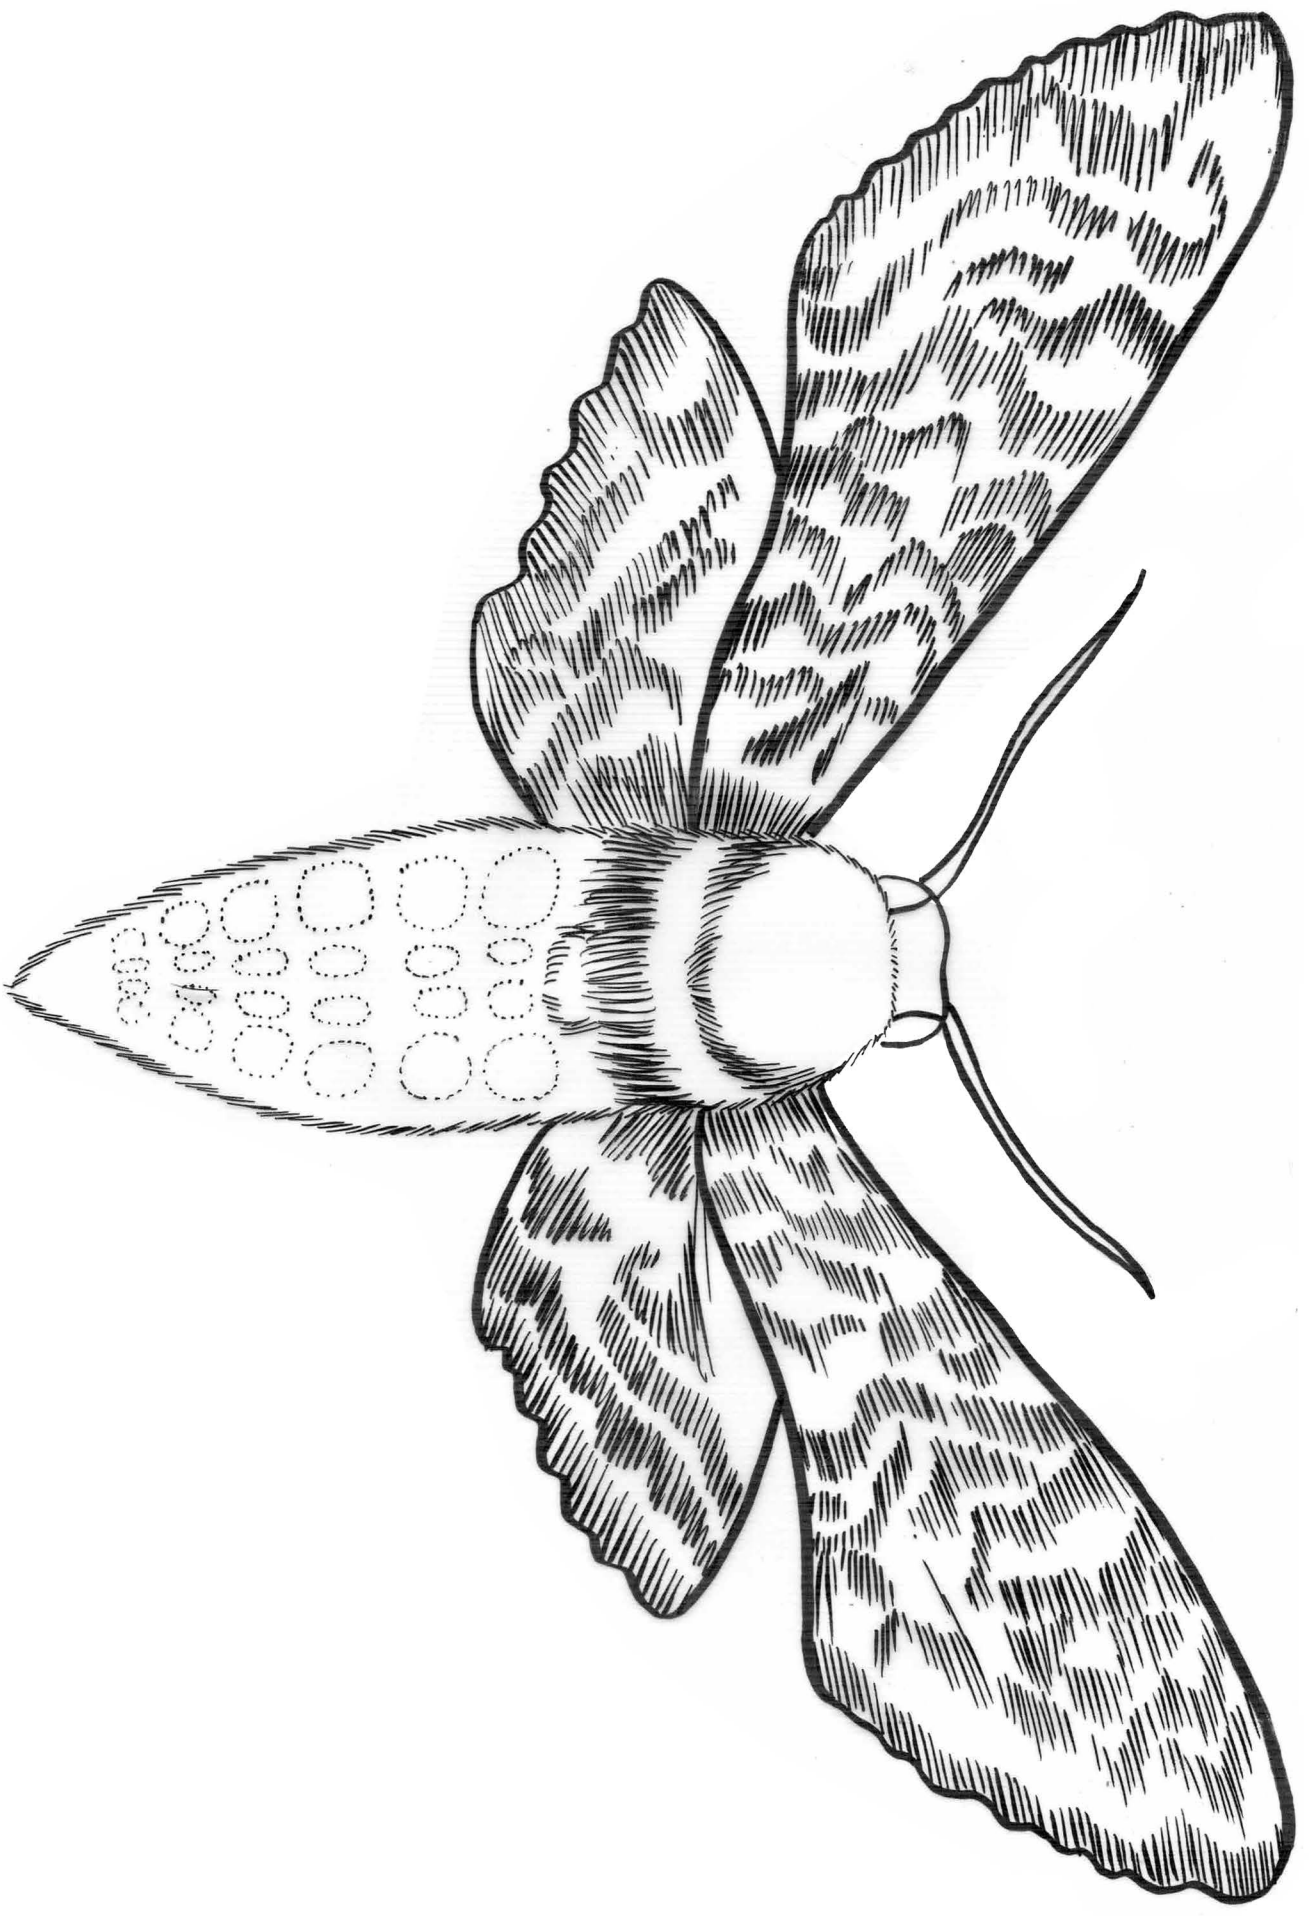

**Vamos explorar juntos
os tons e as texturas
desses insetos fantásticos!**
